## Better records

### ***Innovative and superior records***

- **Download records online**

Your records are always available on Med-Legal's secure online repository. View them away from the office, send them to your doctor, or print a lost copy.

- **Searchable CD**

Med-Legal provides a *searchable* CD of the records with every order. Use this to review, print, and search for terms.

- **Medical records are indexed (categorized) with a table of contents and hyperlinks on the CD**

- **Pages always numbered**

- **Scanned at a higher resolution**

Med-Legal always scans at 300 dots per inch. Competitors use 200 dpi scans that are harder to read.

- **1/2 the size and 1/2 the weight!**

Med-Legal can bind your records double-sided like a book. This saves tons of space and weight in your office—and your briefcase. Making copies is no problem: use the CD or online repository to print a few or all the pages on your office laser printer.

- **Printed with zero image reduction**

Competing copy services must reduce the printed image because of the margin area. Med-Legal's printers use the latest technology for zero image reduction when printed, resulting in larger print and easier reading.

## Better Service

Med-Legal, Inc.

### ***What to look for in a copy service:***

- **Finding people and places**

Copy services shouldn't waste *your* office's time tracking down addresses. Med-Legal does all the research so you don't have to. They keep their requests to customers for addresses under 1% of total orders— a 99% success rate!

- **Fewer “No Records” certificates**

This is the test of a great copy service. When a location claims no records Med-Legal takes the time to track down the problem and solve it. They keep their No Records Certificates under 3% of total orders.

- **Work performed timely**

With Med-Legal your orders are entered within 24 hours of receipt, and then served the next day. Once the records are received they are processed in less than 24 hours and shipped next-day express. The only waiting involved is caused by the record location.

- **Compel petitions**

When a facility does not agree to release records by the depo date Med-Legal sends a Rep out to try and copy anyway. If they continue to refuse Med-Legal prepares a DOR and Petition to Compel that you can use in court to force them to give you the records. Med-Legal never quits!

- **Expert Attorney on staff**

Med-Legal has a full-time workers compensation specialist with over 20+ years in WC and Civil work on staff. They do things right!

- **Web access to orders, status, and all docs**

Med-Legal provides online access to everything: copies of all documents sent or received by Med-Legal, the original order form, the Subpoena and declarations, the payment ledger, and even the records themselves. This is a huge time saver for busy law offices and claims adjusters.
